

ChiliProject - Bug # 425: Deprecation warning when using ChiliProject with Rake 0.9

Status:	Closed	Priority:	Normal
Author:	Gregor Schmidt	Category:	Libraries
Created:	2011-05-24	Assignee:	Eric Davis
Updated:	2011-05-27	Due date:	

Remote issue URL:

Affected version:

Description: With the release of rake 0.9 the following syntax to define tasks with arguments has been deprecated:

```
<pre>
task :test, :login, :needs => :environment do |task, args|
</pre>
```

This should now always be specified using the following syntax

```
<pre>
task :test, [:login] => :environment do |task, args|
</pre>
```

[#425] Avoid deprecated API to define rake tasks with parameters

This should avoid deprecation warnings when using ChiliProject with Rake 0.9

The pull request is at <https://github.com/chiliproject/chiliproject/pull/65>.

I have tested the updated syntax using rake 0.8.7 and everything still works as expected.

If you want to introduce this change also in 1.4, "there is a branch at my fork, that is based on master": <https://github.com/schmidt/chiliproject/tree/b/425-avoid-deprec-notation-for-rake-tasks/master>.

Thanks for taking a look.

2011-05-27 03:22 pm - Eric Davis

This fix is so minor I'd say lets put it into both 2.0.0 and 1.4.0.

Thanks Gregor.

- Category set to Libraries

Fixed in master along with some minor bugs I noticed in that task. Thank you for the patch Gregor.

(Tested with Rake 0.8.7)
