ChiliProject - Feature # 436: Clean up trailing whitespace and tabs

Status:	Closed	**Priority:**	Normal
Author:	Eric Davis	**Category:**	Refactoring
Created:	2011-05-29	**Assignee:**	Holger Just
Updated:	2011-05-31	**Due date:**	
Remote issue URL:			
Affected version:			
Description:	In order to update our existing code to the [[Code Standards]] we need to remove all trailing whitespace and tabs. I found these rake tasks we might be able to use but I haven't tested them yet. https://github.com/diaspora/diaspora/blob/c937f76433d96cf6b92649fd546a58dcdd085ee4/lib/tasks/whitespace.rake

You should not remove white-spaces from literal.

test/unit/repository_test.rb#test_for_changeset_comments_strip

I can't really do that without having to actually parse / run the ruby code. And that would be a bit too much a PITA. I'd rather adapt the test to the stated rules. I changed it to not rely in literal trailing whitespace anymore in commit:db3480bdb693e7172c22491592767cadff85c393
