ChiliProject - Feature # 1004: feature for easier to deletion of spam posts

Status:	Open	**Priority:**	Normal
Author:	Ruben Willems	**Category:**	User accounts
Created:	2012-04-29	**Assignee:**	
Updated:	2012-04-29	**Due date:**	

Remote issue URL:	
Affected version:	
Description:	once you detected a spam user, you can easily lock the user (good thing)
	before I lock the user, I go to the page of the involved user, because there I have an overview of all the other places he placed spam (good thing)
	now it would be nice if these could be removed in a more easy way, this is somewhat lacking :-(
	options :
	Â° a delete button besides each post (should be easy to do)
	Â° a delete all button
	just to prevent that one has to open all the pages being spammed, and clean them one by one.
