ChiliProject - Bug # 1007: Right clicking on item in roadmap displays menu at incorrect position

Status:	Closed	**Priority:**	Normal
Author:	Tom Rochette	**Category:**	User interface
Created:	2012-05-02	**Assignee:**	
Updated:	2012-05-19	**Due date:**	

Remote issue URL:	
Affected version:	3.1.0
Description:	If you have enough content in the roadmap page so that you can scroll down and right click on an item, the menu will be displayed incorrectly at the top of the page instead of close to where you clicked.
	Tested on Google Chrome 18.
	Repro steps:
	1. Go to https://www.chiliproject.org/projects/chiliproject/roadmap?tracker_ids%5B%5D=1&tracker_ids%5B%5D=2&tracker_ids%5B%5D=4&completed=1 (for example)
	2. Scroll down the page
	3. Right click on an issue part of a version
	4. Menu is loaded and appears at the top of the page instead of close to the cursor

Ability to allow non-admin users to create projects (#1007).

This can be enabled in permissions settings. A non-admin user who creates a project is automatically added as a project member (the first role is given, TODO: make this given role configurable).
Projects can be added from the public projects list.
