

ChiliProject - Bug # 1024: Select multiple issues with shift key in issue list

Status:	Closed	Priority:	Normal
Author:	Heinz Wiesinger	Category:	User interface
Created:	2012-06-01	Assignee:	
Updated:	2012-06-05	Due date:	
Remote issue URL:			
Affected version:			
Description:	After switching from redmine to chiliproject I found that in the issue list of a project, you can't anymore select multiple issue at once by using shift+click. ctrl+click still works, but that only allows selecting issues one by one.

Andrew, I guess that's one that falls in your competence :) I think current master is still on the prototype version though, which probably isn't worth fixing (?), but you could check if the jQuery version works.
