

## ChiliProject - Bug # 1050: Create vagrant file/chef cookbook

|                          |  |                  |        |
|--------------------------|--|------------------|--------|
| <b>Status:</b>           | Closed   | <b>Priority:</b> | Normal |
| <b>Author:</b>           | Andrew Smith   | <b>Category:</b> |        |
| <b>Created:</b>          | 2012-06-27   | <b>Assignee:</b> |        |
| <b>Updated:</b>          | 2012-07-16   | <b>Due date:</b> |        |
| <b>Remote issue URL:</b> |  |                  |        |
| <b>Affected version:</b> |  |                  |        |
| <b>Description:</b>      | It was mentioned in IRC about creating a vagrant file/cookbook to quickly spin up a ChiliProject VM without needing to manually set everything up. |                  |        |

### History

---

**2012-07-09 06:35 pm - Felix Schäfer**

- Status changed from Open to Closed

- Target version set to 3.3.0

The Chef Cookbook is at <https://github.com/meineerde/chiliproject-cookbook>, the Vagrant part at <https://github.com/thecat/chiliproject-vagrant>.

Those will probably move to the chiliproject account on github down the line, but they fulfill the basic requirements for this issue, issues with the Cookbook or the Vagrant repo should be reported to the corresponding projects.
