ChiliProject - Bug # 1110: Very slow running

Status:	Closed	**Priority:**	Normal
Author:	Jan Kowalski	**Category:**	Testing
Created:	2012-08-06	**Assignee:**	
Updated:	2012-08-15	**Due date:**	

Remote issue URL:	
Affected version:	
Description:	Hello.
	I installed the latest version of ChiliProject according to instructions from the
	https://www.chiliproject.org/projects/chiliproject/wiki/Installation_on_Windows
	When I try to enter the site, I have to wait +very long+ for it to appear. (30-60sec).
	What might that be?
	My server has the following parameters:
	Operating System: Windows Server 2003 Std (SP2)
	Processor: Intel Xeon 3.2
	RAM: 2GB

Associated revisions

2008-06-22 12:45 pm - Jean-Philippe Lang

Adds basic support for issue creation via email (#1110).

git-svn-id: http://redmine.rubyforge.org/svn/trunk@1568 e93f8b46-1217-0410-a6f0-8f06a7374b81

2008-06-22 02:27 pm - Jean-Philippe Lang

Adds a rake task (redmine:email:receive_imap) to read emails from an IMAP server (#1110).

git-svn-id: http://redmine.rubyforge.org/svn/trunk@1569 e93f8b46-1217-0410-a6f0-8f06a7374b81

2008-06-25 09:25 pm - Jean-Philippe Lang

Adds a simple API and a standalone script that can be used to forward emails from a local or remote email server to Redmine (#1110).

git-svn-id: http://redmine.rubyforge.org/svn/trunk@1584 e93f8b46-1217-0410-a6f0-8f06a7374b81

2008-07-06 06:26 pm - Jean-Philippe Lang

Mail handler: more control over issue attributes (#1110).

Tracker, category and priority attributes can be specified in command line arguments and/or individually specified as overridable by email body keywords.

- Status changed from Open to Closed

Slow activity was associated with an incorrect network configuration, but... in IE ChiliProject runs much faster than FF.

2012-08-12 04:06 pm - Felix Schäfer

What versions of the browsers and on a local network or through some DSL connection/VPN/or something?

2012-08-13 03:44 pm - Jan Kowalski

IE ver. 9.0.8112.16421 - very fast

FF ver. 14.0.1 - much more slowly

local network
