

ChiliProject - Feature # 1151: Allow Search Multiple Issue IDs

Status:	Open	Priority:	Normal
Author:	Rolando Valdivia	Category:	
Created:	2012-09-21	Assignee:	
Updated:	2012-09-21	Due date:	
Remote issue URL:			
Affected version:			
Description: When you type a single issue id in search box, it is found immediatelly. If I try to search more than one issue id, there's no result. I always receive a list of issues by chat or email to be reviewed. I would like to be able to search a list of issues and start working with them, make bulk changes, etc.
