ChiliProject - Feature # 1170: Display issue hierarchy in Roadmap

Status:	Duplicate	**Priority:**	Normal
Author:	Rolando Valdivia	**Category:**	Issue tracking
Created:	2012-10-19	**Assignee:**	
Updated:	2012-10-22	**Due date:**	

Remote issue URL:	
Affected version:	
Description:	One of the features I love from ChiliProject is the ability to define issue hierarchy.
	You understand perfectly tracker relations per issue.
	Why don't display the hierarchy in the roadmap, this is much better than a plain list of issues.
