ChiliProject - Feature # 1205: Connect to Social Media Sites

Status:	Open	**Priority:**	Normal
Author:	z1 ceres	**Category:**	Plugin API
Created:	2013-01-16	**Assignee:**	
Updated:	2013-03-14	**Due date:**	

Remote issue URL:	
Affected version:	
Description:	I guess this sounds interesting. Can we have a connection for social networking sites like facebook and tweeter, wherein if somebody posted a Bug, Feature, etc to the the chiliproject, we could also see that post on the social networking site Fanpage. And if somebody replies or comment on those site, it will be post also in the chiliproject..Vice Versa...I'm trying to make it now...
