

ChiliProject - Feature # 1212: easy adding new comments to issue

Status:	Open	Priority:	Normal
Author:	nick tan	Category:	
Created:	2013-01-18	Assignee:	
Updated:	2013-01-18	Due date:	
Remote issue URL:			
Affected version:	3.5.1		
Description:	currently, to add a note/comment, i must need to click the 'update' button on the right top, it's quite hard for me to find since i was looking for a 'comment' text area at the bottom of the issue i prefer to have the minimal comment form always open at the end of the issue, this is quite straightforward for us original discussion on forum: https://www.chiliproject.org/boards/1/topics/2335?r=2340#message-2340
