

ChiliProject - Feature # 1256: Link to release notes

Status:	Open	Priority:	Normal
Author:	Max Horn	Category:	
Created:	2013-03-26	Assignee:	
Updated:	2013-03-26	Due date:	
Remote issue URL:			
Affected version:			
Description: Right now, when visiting the chiliproject website, it is completely unclear what is new in the most recent releases. It would be great if you could add links to release notes -- there seem to be some on http://blog.chiliproject.org/ but perhaps there are other / better alternatives to that.
