

ChiliProject - Bug # 1273: Umlaut problems at chiliproject.org?

Status:	Duplicate	Priority:	Normal
Author:	Markus Guske	Category:	
Created:	2013-06-18	Assignee:	
Updated:	2013-06-23	Due date:	
Remote issue URL:			
Affected version:	3.8.0		
Description:	Hi, I just saw a lot of interesting characters on the pages: e.g. https://www.chiliproject.org shows: !umlaut-error-1.png! But the error isn't consistent. E.g. calling page: https://www.chiliproject.org/projects/chiliproject/boards you see, that Felix' surname is shown correctly, but Chris' surname isn't shown correctly: !umlaut-error-2.png! Maybe a db problem? ~ Markus P.S.: set affected version to 3.8.0 assuming, you are driving chiliproject.org with this release.		

History

2013-06-19 05:36 am - Toshi MARUYAMA

Related #1254.

2013-06-21 12:50 am - Chris Dähn

Confirmed - with Firefox 19 on Linux & Windows.

2013-06-23 12:23 am - Chris Dähn

- Status changed from Open to Duplicate

As Toshi stated already this issue is a duplicate of #1254.
