

ChiliProject - Bug # 1274: Some design fixes for diffs and annotations

Status:	Needs more information	Priority:	Normal
Author:	Alf Gaida	Category:	Text formatting
Created:	2013-06-22	Assignee:	
Updated:	2013-06-23	Due date:	
Remote issue URL:			
Affected version:			
Description: The current diff-views and annotations are not really usable and imho fugly (http://i.imgur.com/qLWfEQH.png). With the changes it will look like this (http://i.imgur.com/5x4O5Cp.png)

- Status changed from Open to Needs more information

Hi Alf,

can you please give some more details about your improvements / motivation? I can see that your version makes the code lines more compact. Honestly speaking I liked the old design but appreciate the more compact lines.

ciao,

Chris

Motivation: I use chiliproject in several projects on a daily base. Imho a diff view should behave like a diff-view in other sites and tools. It should be compact and readable :)
