ChiliProject - Feature # 143: Project(s) activity export

Status:	Open	**Priority:**	Normal
Author:	Derek Montgomery	**Category:**	Plugin Request
Created:	2011-02-04	**Assignee:**	
Updated:	2011-02-04	**Due date:**	

Remote issue URL:	
Affected version:	
Description:	It would be nice to have a plugin that would export to Twitter:
	* Selected activity (news, issues, timelogs, ...)
	* Selected projects (all, only public, only specified projects)
	* Selected users (Only commiters, only admins, reviewers and documentation writers...)
	I know I'd make great use of such a tool!
	(Category Plugin)
