

ChiliProject - Feature # 216: Remove the rubygems hack from boot.rb

Status:	Closed	Priority:	Normal
Author:	Holger Just	Category:	
Created:	2011-02-22	Assignee:	Eric Davis
Updated:	2011-05-06	Due date:	
Remote issue URL:			
Affected version:			
Description:	In #133 we introduced a hack to support rubygems >= 1.5 with Rails 2.3.5. This hack has to be removed as we upgrade to Rails 2.3.latest in #196.

In fact, this one might already be fixed by relying in bundler instead of Rails for gem loading. I could remove the hack in my bundler branch, while working with RubyGems 1.6.2 - see #290.
