ChiliProject - Bug # 237: Wiki syntax not applied everywhere

Status:	Declined	**Priority:**	Normal
Author:	Derek Montgomery	**Category:**	Text formatting
Created:	2011-02-28	**Assignee:**	Derek Montgomery
Updated:	2011-02-28	**Due date:**	

Remote issue URL:	
Affected version:	
Description:	I noticed that wiki syntax does not fully apply to news content field, nor project description, email and such. It would be nice to have a consistent syntax thoughout the whole site.
	As an example, in news you can use project:id syntax, but not project:identifier although both will work in a wiki page.
