

ChiliProject - Feature # 248: Link checker in wiki

Status:	Open	Priority:	Normal
Author:	Derek Montgomery	Category:	Wikis
Created:	2011-03-01	Assignee:	
Updated:	2012-04-26	Due date:	
Remote issue URL:			
Affected version:			
Description:	It would be really useful for a project admin to have a way to detect broken links (at least internal) on a whole wiki. That way, a wiki admin can check that modifications done by others (like renaming pages) are not breaking any other pages.
