- *Target version set to 1.2.0*

- *Assignee set to Holger Just*

- *Category set to Issue tracking*

This is a bug which occurs on MySQL when you try to filter on empty groups or roles. MySQL pukes on empty sets in its WHERE clause. At least sqlite3 works fine with it.

Fixed in commit:5592794d75e02542d657e04e42e338973de5a086
