

ChiliProject - Bug # 278: Issue Form: Parent autocomplete won't work with issues under 3 characters

Status:	Closed	Priority:	Normal
Author:	Eric Davis	Category:	User interface
Created:	2011-03-13	Assignee:	Eric Davis
Updated:	2011-03-14	Due date:	
Remote issue URL:			
Affected version:			
Description:	The autocomplete JavaScript used on Issues from for the parent_id field requires 3 characters before it is triggered. This means you cannot use the autocomplete to select 1 or 2 digit issues.

- *Target version set to 1.2.0*

- *Status changed from Open to Closed*

Was a simple fix in the JavaScript. Merged into master.
