

ChiliProject - Feature # 329: Forum replies poorly highlighted

Status:	Closed	Priority:	Low
Author:	Andy Bolstridge	Category:	Themes
Created:	2011-04-11	Assignee:	
Updated:	2011-12-18	Due date:	
Remote issue URL:			
Affected version:			
Description:	as per screenshot - you can see that the reply is the same colour as links, this makes it quite hard to see where one reply ends and the next begins. The reply title should be made more distinct, underlined maybe or in black.		

History

- Target version set to 3.0.0

- Status changed from Open to Closed

I think this issue is resolved with the new theme about to be released with version:3.0.0.

By using larger headlines and a dotted border, new replies are easily distinguishable from the reply text.
