

ChiliProject - Task # 338: Wiki page Migrate_From_Redmine should mention info about configuration.yml

Status:	Open	Priority:	Normal
Author:	Nicolas Martignoni	Category:	Documentation
Created:	2011-04-15	Assignee:	
Updated:	2011-04-15	Due date:	
Remote issue URL:			
Description:	Wiki page Migrate_From_Redmine should mention the necessity of rename the redmine config file "email.yml" to "configuration.yml". If edition of the file is needed, this info should also be included.
