

ChiliProject - Bug # 413: Test errors on 1.8.6 after acts_as_journalized merge

Status:	Closed	Priority:	Normal
Author:	Gregor Schmidt	Category:	
Created:	2011-05-13	Assignee:	
Updated:	2011-05-13	Due date:	
Remote issue URL:			
Affected version:	unstable		
Description:	There is an incompatibility with an API change from 1.8.6 to 1.8.7. Some tests in the IssueControllerTest rely on @Hash#first@ which was only introduced with Ruby 1.8.7. I know, that 1.8.6's support status is rather vague, but since the needed changes are rather minimal, I am proposing to fix this issue.

As this is only in the tests, I don't mind the performance hit if any. Merged in commit:0957e478abbc12cf9ff36cdefb455dd0c5e663a1, thanks.
