

ChiliProject - Feature # 455: Show "unread" items in Issue list

Status:	Open	Priority:	Normal
Author:	Peter Olson	Category:	
Created:	2011-06-09	Assignee:	
Updated:	2011-06-16	Due date:	
Remote issue URL:			
Affected version:			
Description: Right now, in the issues list, it is not clear which of the issues have been updated since your last logon. It would be very useful to clearly show the special state of an issue, which have been updated by other users and wasn't yet viewed by the current user. There is an issue for this here: http://www.redmine.org/issues/show/2677			

History

2011-06-13 07:39 pm - Peter Olson

oh oops. Title should be

```
<pre>
```

Show "unread" items in Issue list

```
</pre>
```

2011-06-16 04:17 am - Muntek Singh

- Subject changed from Show "unread" items in feature list to Show "unread" items in Issue list
