

ChiliProject - Bug # 550: Document upgrade migration from acts_as_activity to acts_as_journalized

Status:	Open	Priority:	Normal
Author:	Felix Schäfer	Category:	Journals / History
Created:	2011-07-30	Assignee:	Felix Schäfer
Updated:	2011-09-06	Due date:	
Remote issue URL:			
Affected version:			
Description: The switch to @acts_as_journalized@ requires back-creating the initial journal for @acts_as_activity@ objects in a migration.			

History

2011-07-31 04:54 am - Eric Davis

Might be able to use @Issue#recreate_initial_journal!@ (defined in @Redmine::Acts::Journalized::Creation@). I extracted that from the migration so it can be reused later.

2011-09-06 08:26 pm - Felix Schäfer

Began the documentation at [[Acts_as_journalized#Upgrade-plugin-to-acts_as_journalized]].
