ChiliProject - Feature # 702: email recipient overview

Status:	Open	**Priority:**	Normal
Author:	pille palle	**Category:**	Issue tracking
Created:	2011-11-15	**Assignee:**	
Updated:	2011-11-15	**Due date:**	
Remote issue URL:			
Affected version:			
Description:	it would be nice to give managers an overview, who will receive email notifications of an issue and why (owner, assignee, watcher). logging of adding/removing watchers in the issue history would be nice, too.
