

ChiliProject - Task # 793: Confirm redmine subtasking feature with Mylyn connector

Status:	Open	Priority:	Normal
Author:	Neil Warner	Category:	
Created:	2011-12-27	Assignee:	
Updated:	2011-12-27	Due date:	
Remote issue URL:			
Description: Redmine Eclipse connector has a reported bug it looks like where subtasks don't work.			
is this fixed with ChiliProject? I tried connecting to this site and the demo site with the connector and got 404 for the demo site (REST turned off) and 301 for this site
