

## ChiliProject - Feature # 796: Filter issues based on a date range

<b>Status:</b>	Closed	<b>Priority:</b>	Normal
<b>Author:</b>	Eric Davis	<b>Category:</b>	Issue tracking
<b>Created:</b>	2011-12-27	<b>Assignee:</b>	Eric Davis
<b>Updated:</b>	2011-12-27	<b>Due date:</b>	
<b>Remote issue URL:</b>			
<b>Affected version:</b>			
<b>Description:</b>	Add the ability to filter issues by a range of dates instead of just one date. (e.g. created from 2011-12-01 to 2011-12-13).		
	I'm extracting a patch for this now.

- Target version set to 3.0.0

- Status changed from Open to Closed

Added in commit:72eadcc to unstable. This could be pushed out to release 4.0.0 if needed, unstable looks like it's a mix of 3.0 and 4.0 right now.

I ended up using the code from Redmine for this. I had a custom patch that has been in use for about a 2 years now but it would have been incompatible with Redmine's implementation so I decided to try and keep compatibility by throwing my code away.
