ChiliProject - Bug # 848: Design: parent of subtasks not visible

Status:	Duplicate	**Priority:**	Normal
Author:	Fabian Buch	**Category:**	Themes
Created:	2012-01-26	**Assignee:**	
Updated:	2012-04-04	**Due date:**	
Remote issue URL:			
Affected version:	3.0.0		
Description:	In old themes parents of subtasks were visible above the subtasks header (detail issue page). In new theme it just doesn't seem to be present. This information shouldn't be swallowed.

If 'Display subprojects issues on main projects' is set to false:

* do not include subprojects in the issue count of the parent project overview (#939)

* do not include subproject timelogs on the parent project (#848)

Just found out that in issues_helper.rb #render_issue_subject_with_tree has been deprecated. Is there any reason why? Will it be replaced by something cleaner or are parent/subtasks going to be deprecated?

2012-04-04 11:26 am - Holger Just

- Status changed from Open to Duplicate

This should be solved in #906. Please re-open if it's now (and describe what exactly is missing)
