

ChiliProject - Bug # 933: News RSS Feed <content> tag not populating

Status:	Closed	Priority:	Normal
Author:	Gilbert Flamino	Category:	Journals / History
Created:	2012-03-16	Assignee:	Felix Schäfer
Updated:	2012-03-17	Due date:	
Remote issue URL:			
Affected version:	2.6.0		
Description:	After the upgrade to Release 2.6 (from 1.5.0) the *News* RSS feeds no longer contains data within the <content> tag. RSS feeds for *Issues* and the like look and operate fine; all contain data in the <content> tag. The bug appears to only affect the *News* RSS feed.

aaj: default to don't force notes as event descriptions #933

2012-03-17 01:55 pm - Felix Schäfer

Use the news description as event description #933

History

2012-03-16 06:33 am - Felix Schäfer

- Assignee set to Felix Schäfer

- Category set to Journals / History

That's tangentially related to aaj, I know where this clashes and will post a fix soon.

2012-03-17 12:57 pm - Felix Schäfer

- Target version set to 3.1.0

- Status changed from Open to Closed

Fixed in commit:f011948, thanks for reporting!

2012-03-17 05:20 pm - Gilbert Flamino

Testing fix.

app/model/news.rb line#24

```
acts_as_journalized :event_url => Proc.new {|o| {:controller => 'news', :action => 'show', :id => o.journaled_id} },  
:event_description => :description
```

After modification to code, Apache bounce, add a new *News* item, the <content> tag does not contain data for the RSS feed.

Example:

http://c.fitr.us/projects/a_3/news.atom?key=5ef05276f992f6b889f20859e8ffe78727105532

```
<pre>

You'll need the previous one, i.e. commit:df66e9b9 too.

2012-03-17 07:01 pm - Gilbert Flamino

That was it. Tested and it looks good.

Thank you!
