Affected version:	3.0.0		
Description:	Hi,		

Description:

Hi,
 i have problem with Trac migration.
_RAILS_ENV="production" bundle exec rake redmine:migrate_from_trac_

Error message is:
_Unable to create a project with identifier 'FTP Search'!
rake aborted!
undefined method `reload' for nil:NilClass

_

same problem is described here: http://www.redmine.org/issues/5764 with patch and here
http://www.redmine.org/boards/2/topics/22148

Can you please take a look at patch and apply it to trunk? I will test it.
