Yes, this sometimes happens on the CI too ("here":<http://travis-ci.org#!/chiliproject/chiliproject/jobs/1373477/L1694> and "here":<http://travis-ci.org#!/chiliproject/chiliproject/jobs/1325234/L1707> for example). What is your environment (ruby version and database?), this is probably a problem with specific versions.

Test env:

```
ruby-1.8.7-p357 [ i686 ]  
database: sqlite
```

- Status changed from Open to Closed

- Category set to Testing

That was fixed in commit:32e1cc2
