

ChiliProject - Bug # 959: context menu in issues is shown twice

Status:	Duplicate	Priority:	Normal
Author:	Martin Goldhahn	Category:	Issue tracking
Created:	2012-04-02	Assignee:	
Updated:	2012-04-02	Due date:	
Remote issue URL:			
Affected version:			
Description:	I am using ChiliProject 3.0.0 synched from the stable branch (ChiliProject 3.0.0.11e93ff36 (PostgreSQL)) On the issues pages the context menu is shown twice. It should probably be hidden (see attachment).
