

ChiliProject - Bug # 975: Start Date is not saved for Versions

Status:	Closed	Priority:	Normal
Author:	Spenser Jones	Category:	Versions
Created:	2012-04-10	Assignee:	Holger Just
Updated:	2012-04-10	Due date:	
Remote issue URL:			
Affected version:	master		
Description:	When creating or updating a version, the Start Date is not saved (however the End Date is). If you update the Start Date manually in the DB, it will display the correct date, but it is still unchangeable.		

Associated revisions

Accept the following formats for the timelog "hours" field: 1h, 1 h, 1 hour, 2 hours, 30m, 30min, 1h30, 1h30m, 1:30.

Also accept 1,5 for 1.5 hour (closes #975). Note that 1.5 is still equal to 1h30 and not 1h50 (#947).
